## Preface

The Profile of Students enrolled at The University of Iowa, First Semester 1987-88 should have a brief explanation as follows:

1. A cut-off date of September 16 was used for all Fall 1987-88 enrollment statistics to achieve consistency both within the Profile and with other enrollment reports published by the University. Because of this cut-off, however, some reports contain a greater number of uncoded variables as a result of time constraints in processing student materials. In the case of ACT figures, the "missing information" columns reflect a number of waivers for incoming transfer students, in addition to a number of whom ACT scores were obtained but too late to be included in these tables.
2. Entrance examination scores for the Graduate College, and the College of Business Administration will be reported for the previous year's classes in order to include all available information compiled in these areas and to more accurately reflect the range of scores for the entire entering classes. The early date of preparation would have allowed inclusion of only a fraction of these scores for students entering Fall 1987. The Professional Colleges of Dentistry, Law and Medicine entrance examination scores and g.p.a. data will be reported for the Fall 1987 classes.

Further clarification of materials contained in the Profile may be obtained by contacting Jean Lawrence or Jerald W. Dallam, Office of the Registrar, 335-0221. Suggestions for modifications will be welcomed.

## Facts at a Glance

Total enrollment at the University is 29,133 for the first semester 1987-88, a decrease of 371 (or 1.3%) over the previous year. Seventy-nine percent of the students are enrolled full-time. Fifty-one percent of the students are men. The largest college is Liberal Arts, enrolling 58% of the total; the Graduate College follows with 21% of the total.

Students come to the University from every Iowa county, all fifty states, two U.S. possessions and 92 foreign countries. Iowa residents comprise 68.8% of the total enrollment; 17.9% of the total reside in adjoining states; and 6.7% reside in foreign countries. Thirty-two percent of the non-Iowa students are enrolled in the Graduate College.

The most popular undergraduate majors are business administration, 1791; engineering with 1284 students; communication studies, 1028; education, 878; psychology, 630; English, 583; B.G.S., 577; nursing, 400; art and art history, 391; political science, 371; pharmacy, 354; pre-journalism, 354; biology, 306; pre-computer science, 232; exercise science, 230; music, 208; and journalism and mass communication, 186. Sizable numbers of students are also enrolled in the following programs: pre-business, 2424; pre-medicine, 429; pre-nursing, 291; pre-law, 192; pre-dentistry, 81. About seventeen percent of the undergraduates have an open (non-declared) major. At the graduate level the most frequently selected major is education with 1033 students, followed by engineering, 422; M.B.A., 411; English, 306; music, 223; social work, 160; communication studies, 158; and nursing, 151.

Approximately 14% of the students are married compared to 15% five years ago. Sixty-eight percent of the married students are enrolled in the Graduate College and the Colleges of Dentistry, Law and Medicine.

Twenty-five percent of the students live in University owned housing, either in dormitories (22.1%) or family housing units (3%). About seven percent live in fraternity and sorority houses and 11.2% commute from outside the Iowa City area. Two percent live at home in Iowa City and the largest group, 55% live off-campus in Iowa City.

The median age of the total student body is 22. The median age for undergraduates is 21; the median age for graduate students is 30; and the median age for students in the professional colleges is 26.

During the year 1986-87, a total of 5,694 degrees were awarded by the University; 3,826 bachelor's degrees; 413 degrees in Dentistry, Law, Pharm.D. and Medicine; 1168 master's degrees; and 287 Ph.D. and D.M.A. degrees.

### New Students

Twenty-three percent of all students on the campus this fall are new to the University. The number of entering freshmen has increased by 25 students from the previous year, 3,720 compared to 3,695 in 1986-87. The number of transfer students new to the University decreased by 238 students (from 3,107 in 1986-87 to 2869 in 1987-88).

Fifty-nine percent of the new transfer students are Iowa residents; they represent 91 Iowa counties. Transfer students also came from 49 states, 1 U.S. territory and 55 other countries.

Thirty-six percent of the transfer students came from other colleges in the State of Iowa. Of the students who transferred from other Iowa colleges, 259 entered from the other two state universities, 367 from private four-year colleges, 406 from community colleges, 2 from private junior colleges, and 8 from business, nursing and x-ray tech. schools.

Sixty-eight percent of the entering freshmen are Iowa residents; they represent 99 Iowa counties. An additional 27.1% came from adjoining states and only 5% from other states and foreign countries. Freshmen came from 40 states and 20 countries.

The quality of the 1987 freshmen class is indicated by such measures as high school grade-point average (72.5% with 3.00 or higher; 95% with 2.50 or above); rank in high school class (23.6% in the top tenth, 90.3% in the upper half); and ACT composite score (22.8% rank in the top tenth, 84.6% in upper half of national college bound high school seniors).

Although 33.8% of the entering freshmen declared an open major, many freshmen did declare a major field; the most frequently mentioned are: pre-business, 720; engineering, 269; pre-medicine, 170; psychology, 119; communication studies, 114; pre-law, 93; pre-journalism, 86; pre-pharmacy, 84; education, 67; English, 66; pre-nursing, 63; political science, 54; and pre-physical therapy, 53.
